

WISCONSIN WATERFOWL ASSOCIATION

HABITAT EDUCATION LEGISLATION

Chapter Internal Grant Program Submission

WWA Chapter:	Baraboo	Chapter Representative:	Scott Hamele
Submission Date:	1/30/23	Phone #:	608-235-6307
Project Timing:	Spring 23	Email:	scott@plumbingplace.com

Project Title:	Cat Tail spraying
----------------	--------------------------

Project Description:	The Baraboo chapter and the Mud Lake AWA are looking to match funds with the DNR to spray and burn cat tails at our Mud Lake AWA. The cat tails are currently preventing the DNR from effectively managing the water the levels in Mud Lake. With the removal of the cat tails we will be able to manage the water levels to create better habitat for waterfowl. The DNR will be performing all of the spraying and burning.
